Osu- give it here.
We'll really head out, then?

6 CAFÉ MARU 8

I got the phone number.

It wasn't that.
We're lookin' at Kasai 'n time. I'd understand if they had a hostage, but that ain't the case. I don't think they'd easily accept a proposal from us, though.

Hold on a second. Wouldn't it be better to think this through a little more?
But they'll only be in Tokyo until tomorrow. It seems they'd like to head to Nikkou afterwards. So, we have to hurry.

But even if our negotiation party succeeds, this isn't over. It was the enemy's intention to start war.

That's why we said to send out a number of people to meet the opposition... It's not a bad idea, but I can't see them accepting.

How do you intend to win with just this force?

It's 150 people.

.....

You won't stop?

WHAAAT?

Whatever you think, it's stupid to start a fight with them.

In the first place, you barely know what kind of guy Kawashima is.

You didn't think about anything but getting one over on this Kawashima guy.

Because the Kyoukutou guys are all protecting Kawashima theirselves, you said.
Not something that obvious. If his friends don't seem like push overs, what are you gonna do?

.....

Earlier, you were stretching your mind and said this Tatsuyoshi guy was a cold bastard to his friends. And from that, a gap formed between him and Kawashima, leading you to think he wasn't that trusted.
We're not just gonna give it up to them like that.

You retard, what brotherly love?
I witnessed Boss and Youkou's brotherly love and was deeply moved.
There's no way, not for that guy.

Yeah, but last time Kawashima and Maeda went at it in Oosaka Park, they were stopped. Since, Maeda has been those Gorou guys' enemy.
Aah, I don't know about that.

Not then.
Hiroto came running then that time, right.

What was that?
Maybe Kawashima isn't doing anything about this war.

The point is, is he really not an ally, I'm wondering.
Henceforth, Maeda wasn't helping Kawashima.

Ga-!

Fu-
I hate this chitter chatter.
Oi- What the hell are you doing?
Maeda!
Maeda!
This is bad
Maybe he's become obsessed with giving them the fight...
That bast-ard...
It's no use, Tsuru. He's really fired up to take down Kawashima.

I'll check it out.

You just wait, fuck...
Right now... Kawashima is my company... He'll come if I call...
